DETAILED ACTION

The Following action is in regards to application 10/555,470 and is in response to an after final amendment entered on 7/21/2009.

Declaration under 37 CFR 1.131

The Declaration filed on 7/21/2009 under 37 CFR 1.131 is sufficient to overcome the R. Dzwonczyk et al. "Myocardial Electrical Impedance Responds to Ischemia and Reperfusion in Humans", Computers in Cardiology 2002;29:541-543. Paper A was both cited and applied in a rejection by the examiner and CL delRio et al. "Use of Myocardial Electrical Impedance to Assess the Efficacy of Preconditioning", Computers in Cardiology 2002;29:489-492. Paper B was cited but not applied by the examiner, references.

Rejoinder of Withdrawn Claims

A linking claim restriction was originally made during prosecution. Claim 1 link(s) claim 2 and withdrawn claims 3-9. Claim 1 is indicated allowable. The Restriction stated that upon the indication of allowability of the linking claim(s), the restriction requirement as to the linked inventions shall be withdrawn and any claim(s) depending from or otherwise requiring all the limitations of the allowable linking claim(s) will be rejoined and fully examined for patentability in accordance with 37 CFR 1.104. Claims that require all the limitations of an allowable linking claim will be entered as a matter of

right if the amendment is presented prior to final rejection or allowance, whichever is earlier. Therefore, claims 3-9 have been rejoined and are indicated allowable.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest a method of detecting a qualitative measure of a pathophysiological state of a myocardium of an individual wherein the state is determined as function of the extent of change from a baseline value as recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
